

PROFILE

I am a Freelance Professional Videographer, DoP, Camera operator and Photographer with over ten years delivering high-quality video capture for corporate clients, media organisations, charities and live broadcast.

Technically proficient across a wide range of industry-standard audio-visual equipment, with a strong aptitude for adopting new systems and workflows quickly. Experienced across the full spectrum of production environments from solo shoots to large multicamera, multi-operator broadcast setups covering recorded and live-streamed events on location throughout the UK and internationally. Reliable, self-directed and highly organised, with a consistent track record of delivering to brief, on time and under pressure.
